

Applicant: Graham P. Allaway et al.
Serial No: 09/724,105
Filed : November 28, 2000

Remarks

In the October 18, 2001 Notice To Comply, the Examiner stated that the copy of the sequence listing in computer readable form has been submitted, but that the computer readable form (CRF) does not comply with the sequence requirements. The Notice states that applicant must provide a substitute CRF of the sequence listing and a statement that the content of the sequence listing information on the CRF is identical to the written listing and includes no new matter.

In response, applicants submit a substitute paper copy of the sequence listing attached hereto as **Exhibit B** in compliance with the requirements of 37 C.F.R. §1.824. In addition applicants submit herewith a substitute computer readable form (CFR) copy of the "Sequence Listing" as required by 37 C.F.R. §1.825(d). Further, applicants submit herewith as **Exhibit C** a statement in accordance with 37 C.F.R. §1.821(f), certifying that the substitute computer readable form containing the nucleic acid and/or amino acid sequences as required by 37 C.F.R. §1.821(e) contains the same information which was submitted as the "Sequence Listing" and contains no new matter.

If a telephone interview would be of assistance in advancing prosecution of the subject application, applicant's undersigned attorneys invites the Examiner to telephone either of them at the number provided below.
